GOD'S WILL AND MY FUTURE: Is my life headed where He wants it? Alex McFarland has a heart for teens and young adults (maybe it's because he was just 21 and in college when he met Jesus!). If there is one question that youth across America have asked repeatedly, it is about finding God's plan for life. In this session, Alex will talk about each Christian's person responsibilities, which if carefully followed regardless of age, cannot help but keep you on the path that God intends. Ready or not- the future is coming! Youth will be inspired, be encouraged, and be prepared- by listening some Scriptural insights from an older brother who knows what it is like to "grope along in the dark" while seeking after God.

WHAT YOU'LL HEAR YOUR FRESHMAN YEAR: PREPARING FOR THE WAYS THAT COLLEGE WILL CHALLENGE YOUR FAITH: Based on Alex McFarland's book *Stand Strong in College*, this seminar focuses on preparing students for what they will need to keep their faith strong in college. We will look at the four ways in which the college experience can shake (if not destroy) the faith of a student. Having spoken on nearly 200 campuses and interviewed hundreds of students, professors, and cultural experts, Alex brings real-world insights into what students need to know as they approach life after high school.

SPEAKING TOPICS *(cont.)*

TOP 10 OBJECTIONS TO CHRISTIANITY (AND HOW TO EFFECTIVELY ANSWER THEM): In this presentation, Alex will draw from two of his books, the best-selling *10 Most Common Objections to Christianity*, and also *The God You Thought You Knew*. He answers the most recurrent questions and obstacles to God, the Bible, and Christianity. This is truly “Apologetics 101,” from two decades+ of working to introduce apologetics to the American church. We’ll tackle the questions Alex hears week after week, at universities and on his daily radio show and in media interviews: “Why does a loving God let bad things happen?,” “Would God really send someone to hell?,” and “Why do Christians think they are right and others are wrong?”

THE HISTORICAL ACCURACY OF THE NEW TESTAMENT: THE NEW TESTAMENT . . . THE TRUE TESTAMENT! The Word of God is fully divine and fully dependable. However, many today wrestle with questions such as, “How were the books of the Bible collected?” “Is what we have in our Bible what God intended?” In this session, we will look at the inspiration and preservation of the manuscripts, and also the content of such, which speaks to us all.

THE 21 TOUGHEST QUESTIONS YOUR KIDS WILL ASK ABOUT GOD & CHRISTIANITY (RAISING GODLY KIDS IN A “NO RULES” CULTURE): Based on Alex’s book of the same title, compiled from interviews with more than 100 children, ages 5-12, and with their families.

SEVEN CHALLENGES FACING CHRISTIANITY TODAY: Matthew 16:18 promises that Christ will build His church, and even the forces of hell cannot withstand the ultimate progress of the Gospel! This is good news, because we are watching as the culture turns increasingly hostile to religious expression and to the Christian faith in particular. In this session, Alex will address what his research shows are the top challenges to the Gospel- seven, in fact. These trends and cultural realities must be recognized and understood in order for the church to prayerfully and effectively rise above them. Learn about the “war of worldviews” in which we find ourselves, and become more prepared to live out loud for Christ!

ANSWERS FOR ATHEISTS AND SKEPTICS: How to have an intelligent conversation about God with those who have doubts. (Based on Alex’s interviews with three dozen atheists; this research resulted in the books *10 Answers for Atheists* and *10 Answers for Skeptics*—Nominated for “Evangelism Book of the Year” by *Christian Retailing Magazine*)
