MEEKE AND WIL ADDISON

- **Youth Session:** — **What is Truth?** Wil and Meeke unpack truth. Can we know it? Or Him? Is there such a thing as an individual’s truth? Youth will be invited to interact with Wil and Meeke around a multi-media presentation designed to lay the groundwork for understanding truth.
- **Friday Evening** — **Truth Floats!** What do we do in a culture where it appears truth is losing? We remember Truth Floats! It’s impossible to effectively submerge truth, it has a way of rising again and again to the surface. In this presentation, Meeke explores the ways in which the truth provokes and indicts those who seek to suppress it.
- **Saturday Morning** — **Truth...Whatever the Cost.** What can we learn from truth-tellers of the past and present? In this session, Wil and Meeke explore the price of telling the truth. Are we bold enough to tell the truth? Have we even counted the cost? Are we willing and ready to pay it?

CARL KERBY

- **There is No Truth...DeBunked** — One of the comments we hear the most when working with the younger generation is framed in a few ways. Most of the time it’s in statements like, “There is no truth!” or “You have your truth, I have my truth!” But, are those statements . . . true? In this wide-ranging talk Carl will challenge these statements as well as show you WHY it is important for people to have a standard for truth. Without that “standard referent” things fall apart. What’s a “standard referent”? Why does this matter? Can’t we just all “speak our truth” and get along? All these questions and more will be addressed.

SPEAKER SESSIONS

CARY E. VAUGHN

- **An Unchanging Message To A Changing World** — Scripture Passage: 1 Kings 22:1-14, 1 Kings 22 tells the story of a prophet with an unchanging message to a changing world. After receiving counsel from 400 pandering prophets, King Ahab and Jehoshaphat hear from Micaiah, a true prophet of God. And rather than saying what they wanted to hear, Micaiah proclaims, “...As the Lord lives, whatever the Lord says to me, that I will speak” (v. 14). Cary will cover the five things we can learn from Micaiah’s bold response.

BERT HARPER

- **The Truth of The Bible** — We will be studying the reliability of the Bible and the blessings of obeying the instructions and commands that are given to the Followers of Christ. We will also share the importance and value of the church teaching the truths that are found in the pages of scripture. These will be applied to our lives in 2023.

ALEX MCFARLAND

- **Natural Law: The most important thing no one is talking about** — What is “natural law?” Are we referring to the “laws of nature” like gravity, or at what temperature water boils at sea level? No. “Natural law” refers to the moral boundaries (based on God’s revealed truth) that have been the foundation of America and the Western world. Alex McFarland says that natural law is, “the most important subject virtually no one talks about.” In this session you will learn about the “glue” that has held civilization together for centuries- and what will ultimately happen if order and truth is not restored.
